Who is a SCORE Counselor?

SCORE counselors come from all walks of life and industry. We have counselors who have started businesses, some have started several. We have counselors from the giants of industry such as P&G, GE and a host of others. We have counselors with backgrounds in Information Technology, Manufacturing, Marketing, Sales, Accounting and Finance and a myriad of others. More importantly, we have people who would like to help you!

SCORE counselors are people who are driven to help others. We have members who are fully retired or perhaps running a small business now and yet others with full time jobs that somehow find time to help people like you.

The people we counsel:

We counsel, men, women, minorities, entrepreneurs, veterans, or perhaps experienced business people with a challenge or a problem in their small business. Are you considering an expansion or perhaps looking to move into a new market area? We have people that can help. We counsel all small business owners. Perhaps you run a restaurant, a small manufacturing company or even pet store. We can help you!

Why do we do this?

SCORE Counselors answer this question in different ways, some are retired and want to use their experience and skills to help small business.

One said *“The training has kept me up to date with new business technologies. I love the feeling of satisfaction that comes from giving back to the communities and for the words of appreciation from my clients. Most of all it helps to keep me young through the association with young, enthusiastic clients and others I’ve met through our Outreach Programs. I joined SCORE and continue to enjoy the experience because of the camaraderie I enjoy with other mentors.”*

Our team can help you:

- ⇒ Start your business!
- ⇒ Grow your business!
- ⇒ With Marketing and Sales
- ⇒ With Information Technology
- ⇒ With finance and financing!
- ⇒ Management challenges!
- ⇒ If needed, ALL of the above!
